Five workshop sessions of 1½ hours are scheduled for the two working days of the conference. The officers in attendance will be divided into five groups, with each group working on a different topic at each of the five sessions, as indicated by the following schedule. In order that there will be some continuity and ease of final reporting, a workshop leader and a recorder will be appointed for each topic and will remain with their topic for all five sessions.

SCHEDULE

Sessions

	A	B	C	D	E
	Topic	Topic	Topic	Topic	Topic
Group 1	1	2	3	4	5
Group 2	2	3	4	5	1
Group 3	3	4	5	1	2
Group 4	4	5	1	2	3
Group 5	5	1	2	3	4

Workshop leaders will be expected to prepare for their sessions by researching current developments in their topics to some extent. During the session they will moderate--no lecture.

Workshop recorders will keep notes during the sessions and help the leader prepare his report.

At the workshop reporting session scheduled for Friday, each leader will be expected to present a report for approximately twenty minutes to summarize the major points brought out in the five sessions devoted to his topic.
